KING
DAVID

JONAH

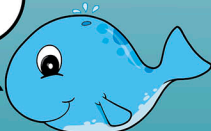

Greetings my young brothers and sisters. This is another special issue of Cub Corner magazine. In here, you will meet a little drop of water who tells the story of some of the greatest events in the world's history. He is just an imaginary little drop of water, but the stories he tells are real.

Even though these stories may seem like they happened in some far away land a long time ago, they are actually your history. Did you know Brother Branham said that if you are a Christian, you were there when all of these things happened? As you read about David and his mighty men, or Jonah and the special-made fish, remember that they are stories of your history.

I trust that you will enjoy this latest issue of Cub Corner magazine and learn a little bit about our history as Christians.

*God bless you,
Brother Joseph*

BIBLE TIMELINE

HAVE YOU EVER WISHED you could go back and watch some of the old Bible stories unfold? Well I got to do that very thing; You see, I am a drop of water. I have been here since God created me and placed me on this earth, but I haven't always looked like I do now. I have been ice, I have been in a cloud lots of times, I've been in the oceans, under-ground, and even in the rocks. But I've always been here, in one form or another, since I was created by God.

I WROTE ABOUT SOME OF THESE ADVENTURES IN THIS MAGAZINE, I HOPE YOU'LL READ IT TO LEARN MY STORY.

I HAVE SEEN A LOT of amazing things during my time here. Once I helped hold up a huge boat that carried the only living humans left on earth. Another time, a man and I got swallowed by an enormous fish together. Boy was that a strange few days. Then there was the time I got picked up in a bucket by these three men who carried me to their king. You won't believe what happened next. Oh, and once I got to talk to a prophet of God. I bet you didn't know that water could talk, but I did; well at least I tried, but I think he understood me because he talked back to me.

CUB CORNER KIDS ANSWER THE CALL

**From east to west, the far north to the deep south,
Cub Corner Kids are proving that they want to help too.**

It started in Peru: Cub Corner Kids provided solar panels and batteries to send the Voice of the prophet to some of the most remote regions of South America.

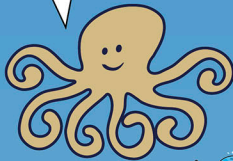

Next was the Philippines: after a series of devastating storms, the people of the Philippines felt like they lost everything. But the Cub Corner Kids helped out with food, Bibles, clothes, and even a little something for the kids to have.

Then there was The Mother Opossum and Footsteps Of The Prophet books: Cub Corner Kids want everyone to know these stories of the prophet, so they banded together to help print them and send them all over the world! Just think, young people everywhere will read about God's prophet because of the efforts of the "Cub Corner Kids!" You can keep track of Cub Corner projects on www.youngfoundations.org.

IN THE VERY BEGINNING

I was the only thing there was on earth, well, me and a lot of other water drops. Then the Spirit of God created man and animals and all the other amazing things of the earth.

I would always try to swim up close when Adam and Eve came to the water's edge. I loved to hear them talk about our God and Creator, but then they sinned and fell from the grace of God. Nothing was ever the same after that. They multiplied, and men kept getting more wicked and evil every day, until finally God got tired of it.

HE DECIDED HE was going to FLOOD the world WITH A WHOLE BUNCH OF US WATER DROPS

God told His prophet Noah to build an ark and fill it with his family and some of every kind of animal. I was going to help carry

it. Nobody believed Noah when he told them I was going to be falling from the sky, along with billions of other water drops that would flood the earth.

It seemed like forever, but after 120 years the day finally came. Somehow I ended up in the form of a huge cloud way up in the air looking down at the earth. Drops of water started falling everywhere. There were so many water drops that I couldn't even count them, and they fell for 40 days and 40 nights. I just couldn't wait for my turn so I could get back down to earth to help carry Prophet Noah's boat.

When it finally came, I soared through the air and plunged into the ocean of water. It was incredible! I quickly did my part and helped carry the ark until God dried up all of us water drops off the earth again. It was an honor for me to do a service for God's prophet and his family.

KING DAVID

a man after **GOD'S OWN HEART**

AFTER THE GREAT FLOOD, I found myself in a creek, slowly trickling down towards the ocean, but before I got there I soaked into the ground. Over many years I slowly made my way down until finally I found an underground river. I rushed around and around until I settled in what seemed like a cave.

I COULD OFTEN HEAR HUMAN VOICES ABOVE ME, but it was hard to hear what they were saying. I could tell that I was by a gate and I thought I heard someone say that this well was in a city called Bethlehem. I thought it must be a small unimportant city, because I had never heard of it before. Every so often a bucket would come down and pick up some water and take it to the surface, but for some reason, I never seemed to get picked up.

THEN ONE DAY I HEARD NEW VOICES. There were three men speaking to each other about getting water for their king. They called their king's name "David." They must have really loved him, because they had to fight for miles and miles just to lower a bucket down to me to get some water for him.

IN ONE BIG SWOOP, I got picked up by the bucket and raised to the surface. There they were, these three men looked tired and bruised. I knew that I could help them if they would just drink me, but they wouldn't do it. They were saving me for their king. What a great man he must be for them to risk their own lives for him.

AWAY WE WENT UP THE MOUNTAIN. The men were amazing; they fought and fought without even spilling any of their king's water. I couldn't wait to get there, I was going to have the honor of helping a king. Maybe I could quench his thirst, or help clean him if he was wounded. Who knows? I was just excited to be able to help!

WHEN WE FINALLY ARRIVED I did not expect to see what was in front of me. This "king" was not dressed in gold and jewels like the other kings I have seen, he looked more like a tired, thirsty soldier.

HE NEEDED A DRINK VERY BADLY, but I was here now, and I knew I could help. As this marvelous king picked me up in his cup, I heard him say "Be it far from me, O LORD, that I should do this: is not this the blood of the men that went in jeopardy of their lives?"

HE Poured ME OUT ON THE GROUND and gave me to God. What a man this King David must have been. I wish I could have seen him more, but the Lord let me soak into that soil and slowly make my way down to the ocean.

JONAH AND THE BIG SPECIAL FISH

you can read this
whole story in the
Book of Jonah

It was a **beautiful**, calm day on the **ocean**, and I was thanking God for the **warm sunshine**. **SUDDENLY**, clouds quickly **swarmed** the **skies** and the **sun** disappeared. Before I knew it, **HUGE** waves were tossing me up and down, and up and down like a never ending roller-coaster.

I was starting to get really **dizzy**, when all of a sudden, **WHAM!** I slammed right into the side of a **HUGE, WOODEN SHIP**. I held on to the **SHIP** with all my **MIGHT**, cause I sure didn't want to be back in those **stormy waters!**

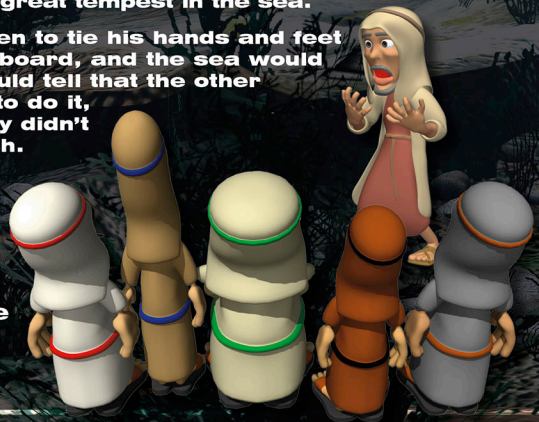

WONNAH

While I was holding on, I could hear a man telling the other sailors that the storm was his fault. He had run from the presence of the Lord, and that is why God caused the great tempest in the sea.

He told the other men to tie his hands and feet and throw him overboard, and the sea would be calm again. I could tell that the other sailors didn't want to do it, but they knew if they didn't they would all perish.

All at once, they threw the man overboard. I jumped in after him when he splashed into the stormy waters.

You'll be amazed at what happened next! While we were sinking deeper into the cold waters, A HUGE FISH swallowed us whole! Some people say that's impossible, but it's not! I was there, and the Bible said this was a special-made fish. I think it was some sort of whale.

I don't know how that man lived at the bottom of the ocean in a fish's belly, but he did, and for three days! God must have put oxygen in there so he could breathe. I found out while he was praying and talking to God that his name was Jonah. Even though he was inside a whale's belly, He asked the Lord to forgive him for running from His presence. God answered his prayer, and the next thing I knew, the special fish spit us out of his mouth and onto dry land. The Prophet Jonah instantly started preaching repentance to the natives on the beach. Many people believed in God and were saved, all because God caused the storm and led Jonah to them through a special fish.

A lot of things happened after that fish spit out Jonah and me. Eventually I found my way over to this beautiful bubbling spring. It was such a happy place to be; I could always feel something just pushing and pushing until finally I reached the surface.

As I came out just bubbling over, as happy as I could be, I saw a man. I knew that he was a special man of God by the way he looked and acted. Then the man began to speak to me.

"Little spring, what makes you so happy, that you're bubbling all the time? If I come here in the wintertime, you're bubbling. If I come spring, autumn, summer, whenever it is, you're bubbling. Is it because that maybe, perhaps, you're so happy that the rabbits come and drink out of you?"

Oh I was so excited. I got to see a prophet of God again, and this time he actually spoke to me! I splashed and splashed to say "no, that's not it!"

THE BUBBLING SPRING

He asked again "Well, maybe because deers come by and drink out of you."

"No, that's not it!" I splashed.

"Now, well, maybe it's because I come by, once in a while, and drink from you," he asked again.

What an honor it is to know that a man of God drinks from here, but I still had to answer, "No that's not the reason I'm bubbling either."

"Well, what makes you bubble like that? What makes you so happy, always gushing up?" The prophet finally asked.

I told him, "It's not me. It's something behind me, pushing me."

Oh how the man of God loved that! He said that Christians are the same way. There is something behind them pushing, and pushing that makes them want to just bubble over!

How great it was to hear a prophet of God speak again. Would you like to hear a prophet speak? If you play Brother Branham's tape "Pardon" (63-1028) you can hear him tell my story. And when you're finished, don't forget to take the quiz on pages 6 and 7!

“ Now, if I taken a spoonful of water out of the ocean, why, you'd never miss it, the spoonful of water. Yet, if I took it to the laboratory, the same chemicals that's in the entire ocean would be in this spoonful, the same type of chemicals.

Well, that's the way the Christian is. His makeup after he's received Christ, is the same makeup with the same attributes that Christ was. ”

a SECRET CODE?

After Jesus died on the cross, and the apostles started spreading the good news about God's plan for us, some people started to hate Christians. They hated them so much that many Christians were killed for believing Jesus. But that didn't stop them. They went on believing, but they had to be very careful that the bad guys didn't find out.

Could you imagine how hard it was to find other Christians when everyone was scared to say what they believed? Then someone came up with a secret solution: If two people met, one person would draw the shape of an arc on the ground. If the other person wasn't a Christian, he wouldn't even notice the arc, but if he was a believer, he would draw another arc to make the shape of a fish.

The two then knew that they were brothers in Christ, and could talk about the Lord Jesus to each other. Many of the stories they talked about probably involved fish. See if you can think of some stories about Jesus that involve fish.

You can use this same secret code with your friends and family. Use your foot, or a stick to draw a half fish arc in the dirt, then let someone else like your brother or sister draw the other half. Did you do it without anyone noticing?
