the long suffering of

JOB

Welcome to spring, and this new issue of Cub Corner magazine! In this issue we talk about the fruits of the Spirit. In Galatians 5:22-23, Paul teaches us what "fruits" a true Christian will produce. Just like an apple tree has apples on it, the apostle Paul teaches us what fruits a Christian will have.

Love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, and temperance: These are all things that a believer will produce. Many, many people in the Bible had these fruits. Job was a man who definitely had longsuffering. You will get to read about him in this magazine. The Syrophenician woman certainly had meekness when she spoke to Jesus. You will get to learn about her, too.

The closer you get to God, the more these fruits will show themselves in your life. I pray that this magazine will help you to get a little closer to Him today.

God bless you,
Brother Joseph

I really like everything in the magazine; I especially enjoy the articles about animals. I love animals:) I have a pet dog, 2 cats, a rabbit, and chickens! Thank you for all you're doing!!!

Jason

YOU'RE VERY WELCOME, JASON. IT SOUNDS LIKE A LOT OF FUN AROUND YOUR HOUSE. DOES THE DOG GET ALONG WITH THE CATS, RABBIT AND CHICKENS?

CUB CORNER

Dear Cub Corner,
My name is Lily. I love getting the Cub Corner magazines. One of my favorite things in the Cub Corner magazine is how to french braid your hair. I would like it if you would put more articles on how to do your hair. I was so excited when I saw God's creation was horses! I also love the activities in the magazine. Another one of my favorite things is the Bible cards. I just wanted to let you know all the things I love!

Your Christian Friend,
Lily

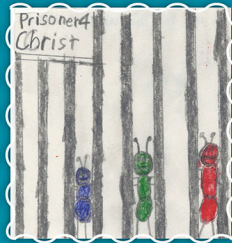

Dear Cub Corner,
I like the stories and the matching games. I like the still small Voice stories. And, I like finding the objects in the picture. In one game it was hard to find the fish. I like the missionary stories, too. I like the cute dogs, too. I like the Holy Spirit page where the little boy was reading a message. I would love to read stories from Bro. Branham's kids. I would love to read about what they did as a family. Thank you for the Cub Corner magazine. May God bless the people that make the magazines.

Love, Hannah

YOU ARE VERY WELCOME, SISTER HANNAH; IT'S AN HONOR FOR US TO MAKE THEM FOR YOU. GOD BLESS YOU TOO!

ARTWORK

An apple tree stands on a green hill under a blue sky. The tree has several red apples hanging from its branches. The background is a clear blue sky with some light clouds. The title 'Grafting trees' is written in a large, stylized font. 'Grafting' is in yellow with a black outline, and 'trees' is in blue with a black outline. The text has a distressed, hand-painted appearance.

Grafting trees

"Why, the life in the vine produces grapes, the second branch will produce grapes. Now, you can graft something in there. You can take a graft, and put it in there. It'll never bear the life of the vine. Right. No, sir. The life of the vine is grapes. It'll bear grapes. Every one it produces, every one it produces will bear grapes.

Man can graft anything in there. That's what's the matter today. We've grafted too much man-made doctrine. We've got wild gourds and everything else in it. But when the Vine itself puts forth a branch, it'll be a Pentecostal branch full of the Holy Ghost, doing the same signs and wonders that they did at the beginning."

60-0306 IT WASN'T SO FROM THE BEGINNING

Did you know that it is possible for an apple tree to have pears on it? Yup, people make it happen by "grafting." That's when a branch from one tree is cut off and stuck into a different tree. You can put a pear branch into an apple tree, and that branch will grow pears. The new pear branch lives off the life of the apple tree it is grafted into. But it is very important to remember that if the original apple tree ever grows a new branch, it will grow apples - because it's an apple tree to begin with!

Brother Branham compares grafting to the way a lot of groups live off God's Spirit, but they are not really part of God. They are like a gourd branch that gets grafted into a grape vine. They can survive off the life of the Vine, but if that Grape Vine (Jesus) ever puts out a new branch of its own, it will produce grapes, not gourds. We want to be part of that original Tree, not just a grafted branch. Then we will produce the real fruits of the Spirit.

THE FRUITS OF THE SPIRIT

When you look at a tree, you know what kind it is by what kind of fruits are on it. Imagine walking up to an apple tree, picking off a super-yummy apple and taking a big bite. Then you ask, "I wonder what sort of tree that is?" That would be pretty silly; you already know it's an apple tree because you know what an apple is. The tree gave you an apple, so that proves it's an apple tree.

The life in the apple tree makes apples come out. If you took a bunch of apples and laid them on an orange tree, it might trick a few people for a little while, but pretty soon the apples will rot away, and the life that is in the orange tree will produce its own fruit.

Just like the apple tree, you produce fruits too, but instead of producing apples or oranges, your fruits are the way you act.

In Galatians 5:22-23, the Bible teaches about the fruits that a Christian will produce. If you know what kind of fruit a Christian produces, you can spot one a mile away!

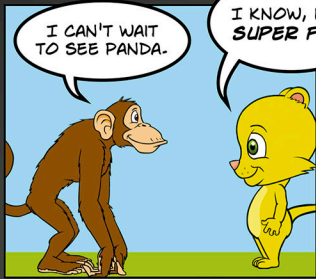

The Christian fruits are love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, and temperance. If your life naturally produces those things, then you know that is God inside of you doing it. But remember, Brother Branham said that the devil can impersonate those fruits, too. The difference is that a real Christian produces those fruits from inside, but the devil fakes them.

So always think about what type of fruit you are producing. Do people look at you and see love, joy, and faith? If not, ask God to change you. He will do it!

The next time the devil tempts you and you don't want to do what's right, just remember what kind of tree you are, and show the devil your Christian fruits!

Before the Book of Genesis was ever written, there was the Book of Job. Many people don't know it, but Brother Branham said it was the very first Book of the Bible to be written.

During this time, the evil Satan came before God. God asked Satan where he had been, and Satan answered the Lord that he had been walking up and down the earth. He was looking for someone to turn against God. So what did the Lord do? He asked Satan if he had tried Job, because there was none like him in the earth. Job was a perfect and an honorable man that feared God, and stayed away from evil.

This is just what Satan wanted, but he knew that the Lord had built a security around Job's house and many possessions. Job had 10 children, many servants, and thousands of animals; so much stuff that he was considered the greatest of ALL the men in the east. Satan told the Lord that if He would give him all that Job had, he would make Job curse the Lord to His face.

God gave Satan power over everything that belonged to Job, because He knew that His servant was faithful and full of longsuffering, and would never curse God.

Satan tried everything in his power to turn Job against God. First he caused almost all of his servants and animals to be killed. Then the wicked devil caused a great wind to blow down the house where all Job's children were, and killed them all. Even through all of this, Job never sinned, but stayed true to the Lord. He said, "The LORD gave, and the LORD hath taken away; blessed be the Name of the LORD."

***THE LORD GAVE,
AND THE LORD
HATH TAKEN
AWAY; BLESSED
BE THE NAME
OF THE LORD.***

After Job had lost all of his precious children and many possessions, Satan came at him again and put boils all over his body, from his head down to his feet. Job sat on an ash heap, distressed and in agony, scraping the boils from his flesh. His own wife told him to curse God and die. All of his friends had turned against him, but Job was longsuffering and stood strong. He remained faithful to the One true God. Job was not afraid of death, because he saw the blessed Redeemer. Job saw the story of Easter thousands of years before it happened. (Read about this on page 18.)

Job went through some really hard trials and tribulations during that time. He lost everything dear to him. But because he had stayed true and faithful, he was able to make it through to the end. To reward Job's faithfulness, God gave him back twice as much as he had before; twice as many sheep, twice as many camels, and so much more. Even Job's 10 children were restored to him; they would be waiting for him in Heaven!

It just goes to show that if the Lord can bring Job through so much, He can do the same for you, if you'll only trust and fear God.

the SYROPHOENICIAN woman

A STORY
OF MEEKNESS

One of the fruits of the Spirit is "meekness." Do you know what it means to be meek? Here is a story of one woman who was very meek, and Jesus rewarded her for it.

Two thousand years ago, when Jesus was walking the earth, there was a woman whose daughter had an "unclean spirit." Brother Branham said the girl was probably an epileptic (a person who has seizures), or she had some sort of insanity. She was really sick, and her mommy was desperate for help.

The girl's mother heard that Jesus was at a certain house, so she frantically found her way to Him. She knew that Jesus could heal her daughter, if He would just speak the Word!

When she saw Him, she must have known that everything would be okay. She was standing face to face with God in human flesh! She cried out to Him, "O Lord, thou Son of David; my daughter is grievously vexed with a devil." But Jesus didn't answer her, in fact, He completely ignored her. The disciples came to take her away, but Jesus finally answered, "**I am not sent but unto the lost sheep of the house of Israel.**" He was telling her that God did not send Him for her and her people.

How disappointed she must have been. She could have just cried and walked out, or got mad and said something mean to Jesus. Instead, she cried out to Him, saying "Lord, help me."

Jesus answered her, "**It is not meet to take the children's bread, and cast it to dogs.**" He was calling her a dog! What a test of faith; that was about the biggest insult you could give anyone. What do we do when someone insults us like that? Do we get mad and insult them back? Do we be nice and just get up and leave, or do we do what she did?

This meek Syrophenician woman answered Jesus, "Truth, Lord: yet the dogs eat of the crumbs which fall from their masters' table." She was so meek, she admitted to Jesus that she was like a dog, but she still begged that He would help her daughter.

She passed the test! She was truly meek, and Jesus honored this poor woman's faith and granted her request. Her daughter was made perfectly whole right then!

So the next time someone says something hurtful to you, or you feel left out, just remember the Syrophenician woman and the meekness she showed to Jesus. Will you pass the test?

You can read about this in Matthew 15:21-28.

JOB SAW EASTER

There is just something special about the springtime. The life that was hiding underground all winter long suddenly appears everywhere. Little green buds spring up all over the place. The birds come back and sing to us all day long. It is such an exciting time.

The prophet Job must have loved the spring. He noticed that when a tree died, it soon rose again. He saw that life always came back. It made him wonder about a person; what happens when a man dies? Will he rise again like that little dead tree, or blade of grass that was hidden underground all winter long? He knew that if God took care of even the littlest of plants, He must look after people, too.

Job said:

O that thou wouldest hide me in the grave, that thou wouldest keep me secret, until thy wrath be past, that thou wouldest appoint me a set time, and remember me!

Job didn't even have a Bible to read, but he was a prophet, and he understood that death could not stop God! They hadn't had an Easter yet, but thousands of years before it happened, Job saw Easter!

One beautiful morning, God Himself, in the form of a Man named Jesus, overcame death once and for all. It was in the springtime when Jesus was laying in the grave. He had been killed for us. It was horrible; everyone was sad and crying, wondering what to do. But just like that little flower, or blade of grass does every spring, Jesus rose back to life! God proved what Job saw thousands of years earlier - man will rise again after he dies!

Easter is a very important day for a Christian. It is the day that we can look to, and know that our Redeemer lives! So this spring, and especially this Easter, remember to thank Him for what He did for us!

Deep in the dirt of the muddy waters, there is the seed of a flower. It doesn't look much like a flower, because it shows no life.

But just wait...

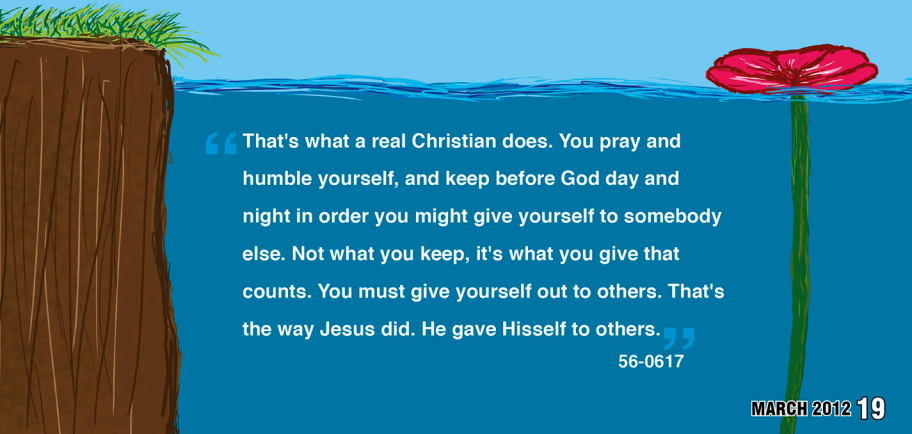

This little seed catches a sparkle of hope and starts moving its way up from the bottom of a dark world. It spins, toils and pushes its way through all the dirt and garbage, as a powerful light from above leads it to the top of the water. When it finally gets into the presence of the sun, the little seed bursts open into life; it is born into a beautiful lily flower.

Brother Branham teaches us that Reverend Mr. Lily has to grow like this. Day and night he has to spin and toil to make himself radiant. Then he opens up so that every person passing by can enjoy his beauty and smell his wonderful perfume. Even the bee gets the sweet honey right out of his heart. The lily

reverend
mr. lily

humbles himself, and gives everything out that he works so hard to get. He is so full of happiness that he does it freely for all others to see and enjoy.

This is what Christ did for us, and this is the same thing that happens when you give your heart to Him. You have to toil and fight through all the garbage of the world, as the powerful Gospel Light from above leads you into the presence of the SON. Then you are born into a beautiful child of God, and freely give yourself to the world. You let them see Christ living in you. They see the beautiful fruits of the Spirit in your life, and you freely offer them.

“That's what a real Christian does. You pray and humble yourself, and keep before God day and night in order you might give yourself to somebody else. Not what you keep, it's what you give that counts. You must give yourself out to others. That's the way Jesus did. He gave Himself to others.”

build your own PYRAMID

Follow the steps below and build your very own pyramid!

YOU WILL NEED:
pencil
construction paper
scissors
glue

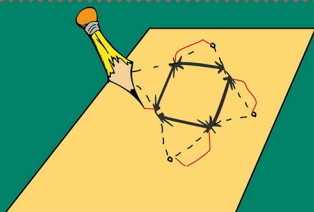

STEP 1

Draw a square on a thick piece of construction paper. You can use a small box to help you if you need to.

STEP 2

Draw new corners to make triangles coming from each side of the box. Hint: make each side of your triangle the length of the sides of the box.

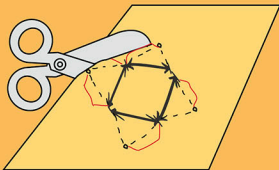

STEP 3

Draw small flaps off each corner of your new square. Later you will fold these flaps and use glue on them to help hold your pyramid up.

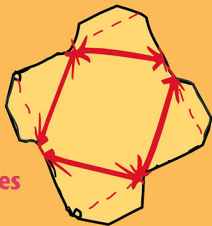

STEP 4

Cut around the outside of your drawing.

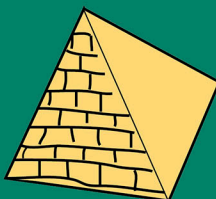

STEP 5

Fold flaps on dotted lines, then fold triangles into pyramid shape.

STEP 6

Use glue on the flaps to secure the pyramid together. After the glue has dried, use a marker to decorate your pyramid.

STEP 7

Send us pictures of you with your pyramid!

God's Creations

And I looked again, and I happened to notice, that eagle had bravery. It wasn't scared, no matter what I'd do or what anything, it was brave, and I thought, "That's it God. You don't want cowards." God wants men and women who's got a backbone, instead of a wishbone. When God says anything, we believe it. That's all. That settles it.

"AERIES"

Eagle nests are called aeries (AIR-ees). Bald eagles build their nests at the very top of tall trees so the eggs will be safe. Some parents come back year after year to the same nest, adding more sticks, twigs, and grass each time.

The bald eagle became the U.S. National emblem in 1782 when the great seal of the United States was adopted.

“God gave that eagle wings,
and he had
CONFIDENCE in the
GIFT of GOD
that had been given to him.”

The BEST place to learn about eagles, is from someone that studied them a lot. Brother Branham knows more about eagles than anybody we know of. If you want to know all about them, just listen to:

THE

EAGLE REPORT

The Message made my presentation a lot easier!

Last year November 10th, I had to do a Spanish presentation on anything of my choice, for at least 10 minutes.

Honestly I did not know what to speak on, so I asked my brother if he was in such a position, what would he speak about. He told me that he would speak about cars because he liked them. So I wanted to know what about cars he would talk about. He indicated that there was so much like the parts, engine, models, set up, and so on.

Grateful for the answer, but not as passionate about cars, it would make it a challenging topic for me.

Well, I began to pray about it because I couldn't find a solution. I had to find something I really liked talking about.

I like to talk about the Scriptures and my Lord, but what about it?

I felt led to listen to a few of the Messages that Bro. Branham spoke on the Eagle.

From there I took some of my notes to add to my presentation, and to me the task wasn't that hard after all since I was using an actual witness who observed the lifestyle of the bird.

Some of the exact words and illustrations Bro. Branham said, I reused in my presentation. Like how he described it as the king of the sky, the meaning, symbolic in the Bible, the different types, how it can be found on the American dollar, its diet, how thick its feathers are and so on.

I felt a little sly doing this since I was telling these people about the Message indirectly (in Spanish.) But God be praised.

At the end of it I said where I sourced my information and in my heart was really happy to know that among the sources I could mention the prophet's name: "William Marrion Branham"

God richly bless you Bro. Joseph and all the staff at VGR for had it not been for your constant devotion and dedication in getting the tapes and books out, my presentation would not have been made possible.
